FROM : SAC, PORTLAND (157-347) (P)

SUBJECT: *COUNTERINTELLIGENCE PROGRAM: COINTELPRO*
COINTELPRO - NATION OF ISLAM (NOI) -
DISSENSION
EM

The following proposal is being submitted for consideration as a counterintelligence program aimed at creating dissension between the members of the Nation of Islam (NOI) within the Portland Mosque.

BACKGROUND

[REDACTED] of the Portland Division indicate a certain degree of discipline being enforced on NOI members for failure to uphold NOI principles of conduct. [REDACTED] were recently reprimanded and placed on probation from the NOI for using dope and stealing money from the Mosque's treasury respectively.

An article appeared on page 3 of the July 28, 1972 edition of "Muhammah Speaks" displaying two letters elaborating on Muslims selling their newspaper to white people. Consequently new rules were established governing the sale of the newspaper and specific instructions to avoid selling the publication to white people or in white neighborhoods.

The above mentioned sources have substantiated the fact that the newspaper is sold predominantly in the black section of Portland, but mentioned that numerous white people are approached on the streets and in their homes by Muslims selling the paper. It is also confirmed that the newspaper is sold on various college campuses in the Portland area with the result that numerous white people purchase the newspaper.

PROPOSED COUNTERINTELLIGENCE

It is proposed that a handwritten letter be sent to the Muhammah Speaks Newspaper, 2548 South Federal Street, Chicago, Illinois 60616, which states as follows:

I am a white man who has lived most of my life in a predominantly black section of Portland (Albina). I have come into close contact with many black people. Recently I read on page 3 of the July 28, edition of "Muhammah Speaks" two letters sent to your headquarters relating how Muslims sell your paper to white people.

I have purchased your newspaper for the past few months from neatly attired, clean-cut Negro men who said they were Muslims. These men told me to read the paper because the Muslims like the white man and the paper shows the current Muslim programs. Little did I realize the bigoted attitude and biased teachings of the Muslims. My only regret is that I have been deceived by these neatly clad black devils and supported your bigoted cause.

Furthermore, I read that Portland doesn't even have a Muhammah Temple of Islam according to the list shown in your newspaper. Are these black devils who sell me and my neighbors the paper another black rip-off organization or are they really Muslims.

Disappointed and Irate Reader

PD 157-347

It is recommended that this letter be written on plain white stationery enclosed in a white postmarked envelope mailed from the Albina section of Portland.

EXPECTED RESULTS

It is expected that Portland sources will keep the Portland Division advised of the action of the proposed letter. The leader of the NOI in Portland is a person who upholds the principles and beliefs of the Muslims. If the above letter comes to his personal attention via Chicago the news certainly will generate dissent and upheaval in the organization.

Per Bureau instructions in its airtel dated 12/23/70 and captioned, "KEY BLACK EXTREMIST," the NYO is of the opinion that suitable counterintelligence should be used against [REDACTED] at the time of this meeting in an effort to discredit him in the eyes of his colleagues and parenthetically interfere with the IBWC organization by impugning its driving force.

Section III

Per our recent telephone conversation and your reference to memorandum of this office, Section III, dated August 7, 1970, containing observations of John V. Lindsay.

STATUS REPORT

As you know [REDACTED] is presently and has been for some time [REDACTED] relating to minority matters.

He has provided on a continuing and regular basis current analysis of what might be described as potentially explosive situations in various geographical areas of the City and within certain groups familiar to him.

His assistance in terms of control of potentially troublesome elements has been invaluable in our estimation. His cooperative attitude and his apparent rapport with the black community facilitates the responsibility of this section in maintaining a level of normalcy and tranquility within certain troubled New York City communities.

During our most recent discussion, he revealed he would not be available for several weeks since he was leaving [REDACTED]

[REDACTED] directed his fees to be deposited in his account during his absence, which will be done. He indicated he had adequate funds for the trip and exhibited a large amount of United States and foreign currency.

Unless we receive contrary instructions from your office, payments will continue during his absence in the hope that his [REDACTED] will be as thorough as has been his custom.

EVALUATION

[REDACTED] had been planned by a group called the "Black Workers Congress," an adjunct of the group meeting in August, but that he had been urged to go by "others," who had provided the funds and who were interested in his foreign contacts. [REDACTED] may apparently be branching out in his services, his basic mercenary nature should preserve him from any faux pas.

As speculation, it should be noted that public knowledge of his new employers would be considerably more damaging to him than his work for us.

NY 100-161140

Scribbled across the bottom of this letter should be the following:

Attached to this memorandum was a list of names designated as participants to the International Black Workers Congress to be held August 21-22, 1971, in Detroit. Even though I am employed with the City, as a black man, I cannot countenance the perfidity of this [REDACTED] I trust that this information will serve as a purgative for your group and demonstrate again the vigilance you must exercise against traitors to our cause.

Upon Bureau approval, the NYO will request the mailing list for the IBWC from Detroit, and mail copies of this letter to its members from New York.

[REDACTED] It was observed that during the months of 3/71, 4/71, and 5/71, much guarded talk took place in the community regarding the rumored illicit activity occurring at the "TOP". Results of the desired nature were obtained and were indicated by the fact that little or no racial disorder occurred in the community during the spring months and in those few instances where isolated disruptions broke out, same was not followed up by black activists spouting the usual hue and cry of black separatism. Furthermore, ghetto informants reported during these months that activity at the "TOP" is steadily decreasing to the point that in late 5/71, there were only two or three persons at the "TOP" on a regular basis.

[REDACTED] that the threat posed by leaders of the "TOP" has been effectively delt with and that the "TOP" has been neutralized. There has been no known continuance of the former attempts to develop a bond between the "TOP" and the Black Action Movement at Western Michigan University in Kalamazoo.

[REDACTED] pointed out his financial plight eluding to the fact that funds of the Kalamazoo Teen Center [REDACTED] have decreased as a result of his devoting time to activities other than the Teen Center. [REDACTED] support from the television station to again publicize the Teen Center and allow him air time as he was actively engaged in the youth athletic programs there.

Detroit, in view of above, is placing this matter in a closed status. Appropriate sources are alerted to the Bureau's interest in the "TOP" and related activities and should activity be renewed there, this case will be re-opened for additional investigation.

Since returning from the United States the fears which I discussed with you have become fact without a doubt.

There can no longer be any question that _____ is having an affair with _____. I have worried so much these past weeks I cannot sleep and if things continue I do not know what I will do. It is hard to live with the fact you have been betrayed by two people you love, but it has happened.

Referenced WFO letter contained a specific counter intelligence proposal concerning STOKELY CARMICHAEL.

NY doesn't concur in the proposal and doesn't recommend that it be adopted for the following reasons:

The supposed friend to whom the letter is addressed would most probably deny any prior conversations with STOKELY CARMICHAEL concerning this matter.

Secondly, NY feels that the rental of a Post Office Box by a representative of the FBI (albiet anonymously) presents a distinct possibility of discovery with possible resultant embarrassment to the Bureau.

In weighing the overall possibility of discovery against the remote discomfort that would be caused to CARMICHAEL if the scheme works perfectly, it would appear that the judicious decision would be not to recommend the proposal, UACB.

Pursuant to Bureau's instructions, all Cointelpro operations, New Haven, have been discontinued. Prior to the discontinuance of the program, however, New Haven had initiated a Cointelpro measure directed at the New Haven Chapter of the Black Panther Party. This proposal is outlined in referenced New Haven letter.

Shortly after the initiation of this approved proposal [REDACTED] that several merchants in the vicinity of the BPP headquarters, 259 Dixwell Avenue, New Haven, [REDACTED] receipt of a leaflet that had been mailed to each of these persons [REDACTED] the leaflet had caused a great deal of concern in the Dixwell area and advised that many of the merchants stated that if any incident or requests were made by the BPP for their product, that the police would be immediately notified. [REDACTED] that the general tone of the merchants was of non-support of the BPP in the Dixwell area and many stated they would flatly deny the Black Panthers free food or merchandise.

[REDACTED] is a resident in the immediate area in which the BPP headquarters is now housed and that numerous community residents have approached him concerning the BPP, stating they had seen this leaflet and asking if what the leaflet said was true [REDACTED] informed these persons that this leaflet was very accurate in its description of the BPP. He also advised community members to heed the warning of this leaflet and to stay away from all BPP members.

It will further identify the more radical members and former members of the BPP permitting a more accurate evaluation of their dangerousness.

It could identify former members working in the underground, or those who desire such extremist activity, and identify their objectives and plans to effect their purpose.

It would certainly serve to occupy the time of current BPP members with intra-party activity permitting less concentration and implementation of Extremist activity that could ignite racial unrest in the Indianapolis area.

It could possibly cause the complete disintegration of the BPP in Indianapolis and Evansville, Indiana.

Hopefully, it could lead to the determination of an escape route from this country abroad.

He would not be permitted to institute any activity which could coalesce those contacted, which would be in violation of any law or which would in any way create a situation of entrapment.

RE: BPP

Rebulet 4/27/71, captioned "COMMUNIST, Black
Nationalist - Hate Groups, BPP - BPP," proposing that a "New York
Times" editorial of 4/25/71, critical of the Black Panther
Party, entitled "The Panther Pathology" be sent to student
groups, media representatives, and BPP supporters in
the Los Angeles area.

Since the BPP has recently been discredited widely
the news media, it does not appear that the action you
propose is warranted at this time. Therefore, your proposal
is not approved.

In you know, the counterintelligence program has
been discontinued. However, the Bureau will continue to
consider any noteworthy proposals for such activity. You
should be alert for situations offering outstanding possibilities
for successful counterintelligence activity and submit such
proposals to the Bureau under the BPP caption.

proposed that copies of this article be sent to student groups,
media representatives and BPP supporters to discredit the BPP
by promulgating the truth about the extremist BPP.

COUNTERINTELLIGENCE PROGRAMS (COINTELPROS) 1 - [REDACTED]
INTERNAL SECURITY - RACIAL MATTERS

To afford additional security to our sensitive techniques and operations, it is recommended the COINTELPROS operated by the Domestic Intelligence Division be discontinued.

At the present time this Division operates seven COINTELPROS as follows:

- COINTELPRO - Espionage
- COINTELPRO - New Left
- COINTELPRO - Disruption of White Hate Groups
- COINTELPRO - Communist Party, USA
- Counterintelligence and Special Operations
- COINTELPRO - Black Extremists
- Socialist Workers Party - Disruption Program

These programs involve a variety of sensitive intelligence techniques and disruptive activities which are afforded close supervision at the Seat of Government. They have been carefully supervised with all actions being afforded prior Bureau approval and an effort has been made to avoid engaging in harassment. Although successful over the years, it is felt they should now be discontinued for security reasons because of their sensitivity.

In exceptional instances where counterintelligence action is warranted, it will be considered on a highly selective individual basis with tight procedures to insure absolute security.

ACTION:

If approved, attached airtel will be sent to all field offices discontinuing our COINTELPROS.

NOTE:

San Francisco proposed that mailing "Right On" to "The Black Panther" subscribers (also considered to be supporters) would disenchant followers of Huey P. Newton and BPP national headquarters. Only issue of "Right On" printed to date is 4/3/71. Only a limited number of "Right On" are available, and 3,500 would have to be reproduced by the Bureau for such a mailing. The only subscriber list available was obtained from post office January, 1970, through the Department; and the questionable potential of the proposal does not warrant attempting to obtain a current mailing list from this sensitive source.

The New York Division has forwarded to San Francisco the first issue of "Right On" dated 4/3/71. This weekly newspaper is published by the Cleaver Faction of the Black Panther Party (BPP) at New York City.

San Francisco is of the opinion that an effective distribution of this issue of "Right On" would be an excellent counterintelligence measure aimed against the BPP, HUEY NEWTON and DAVID HILLIARD. The issue contains articles written by ELDRIDGE CLEAVER, former Minister of Information of the BPP, KATHLEEN CLEAVER, former Deputy Minister of Information of the BPP, DONALD LEE COX, former Field Marshal of the BPP and CET TABOR, formerly prominent in the BPP at New York City. These articles are searing criticism of NEWTON and HILLIARD and highlights their expensive manner of living, their high-handed manner of dealing with BPP troops and their alleged complicity in the murder of ROBERT WEBB.

It would appear that this type of criticism, coming from persons who until recently held high positions in the party, would carry more weight than similar allegations.

from caucasians or sources who have had no personal attachment with the BPP.

San Francisco is further of the opinion that the most effective target for the distribution of "Right On" would be the actual mailing list of the BPP's "The Black Panther". The Bureau has previously supplied San Francisco with the mailing list effective January, 1970.

San Francisco therefore requests Bureau authority for the obtaining and mailing of some 3500 copies of this 4/3/71, issue of "Right On" to persons appearing on the BPP mailing list. In the event the Bureau approves the San Francisco suggestion, New York is requested to advise San Francisco and the Bureau if they could discreetly have the original printer of the publication make up an additional 3500 copies. If this is not possible and it is not feasible for the Mechanical Section of the Bureau to reproduce this, San Francisco can have 3500 copies of the publication reproduced at the Howard Quinn Printing Company where the BPP paper has been printed in the past. San Francisco is suggesting only a one-shot mailing of "Right On" and if Bureau approval is obtained, San Francisco would further suggest that the copies be mailed from New York City. In that event San Francisco would forward the mailing list to New York for preparation.

San Francisco would further suggest that copies not be forwarded to persons on the mailing list who are obviously members of the Armed Forces and receiving mail on a military base.

[REDACTED] lack of leadership has resulted in the disillusionment of the more militant exponents of violent action in the Illinois Chapter. As a result, members of this element, [REDACTED] are no longer active participants in the Illinois Chapter.

By reason [REDACTED] seniority in and connections with National Headquarters of the BPP militant elements have not attempted to challenge [REDACTED] leadership. Instead they have given up in disgust. As a result, the possibility that the members of the Illinois Chapter will engage in violent activity is minimal.

In view of the local situation it is felt that any effort to dispose of [REDACTED] as a leader of the Illinois Chapter would open the door to a challenge for control of the Illinois Chapter to those militant elements who have fallen by the wayside. Such a situation would be more damaging locally and nationally should it result in a more vigorous, aggressive Illinois Chapter.

It is felt, at this time, that continued control of the Illinois Chapter by [REDACTED] stifles the growth and activity of the Illinois Chapter thus lessening the potential danger to peace and order.

In view of the above, it is suggested that a counterintelligence effort against [REDACTED] is not prudent at this time.

ReLVairtel 4-13-71.

While the Bureau is appreciative of your suggestions as set forth in referenced airtel, Bureau authority to implement these suggestions is being denied.

Concerning your suggestion that you substitute names of members in good standing with the local BPP chapter for those listed on a recent flyer as having been expelled, the fact that a substitution had been made could be quickly determined and would, therefore, have little effect.

Your suggestion that an anonymous letter be directed to the local BPP chapter indicating that one of the leaders of the local chapter, is a police informant is being denied since such action could possibly result in a situation similar to that which occurred in Connecticut in May, 1969, when Alex Rackley was tortured and killed by BPP members, if the allegation was believed.

Finally, your suggestion that the First Western Savings and Loan, Las Vegas, holder of the mortgage on the premises utilized by the local BPP chapter, be encouraged to foreclose on these premises is being denied since the Bureau could be placed in an embarrassing position if the local chapter took some action against the premises or the Savings and Loan because of the foreclosure.

Remyairtel, 2/19/71; and Bureau airtel, 3/3/71.

For information of Bureau, the activities of the Community Information Center, Black Panther Party (CIC, BPP), in Las Vegas, during the past two to three weeks, according to informants, has been grinding down to a near standstill. Some of the workers are at odds with [REDACTED] over his leadership of the CIC and are being expelled at the slightest whim of [REDACTED]. Workers have criticized [REDACTED] for his indecisive leadership and lack of activity of the CIC in Las Vegas.

It is to be noted that the CIC is experiencing severe financial difficulties and owes two to three hundred dollars in back payments on their present location at 1933 Hassell, North Las Vegas.

There is enclosed herewith two copies of a throwaway issued by the Black Community Information Center, Las Vegas, under the name [REDACTED] captioned "Expulsions," which in general was critical of five CIC workers who were banned from the CIC and called "fools" and "enemies of the people."

As a counter intelligence proposal Las Vegas plans to reproduce the above-mentioned throwaway and insert names of workers who are currently apparently in good standing with JONES and his CIC organization. The above throwaway will be copied verbatim with the exception of inserting names of current workers.

Proposal number two is to write an anonymous letter to [REDACTED] at the CIC headquarters and expose [REDACTED] reported to be his number one man, in the CIC, as being a "black pig." This anonymous letter to [REDACTED] will be brief and attempt to throw suspicion on [REDACTED] as being possibly an informant for the police.

It is to be noted that CIC headquarters at 1933 Hassell is a private dwelling and is mortgaged by First Western Savings and Loan, Las Vegas, to an [REDACTED] whose current whereabouts are unknown. It is to be noted that the CIC is approximately two to three months in arrears in house payments, and informants advise that this money is not currently available to [REDACTED] to pay this indebtedness off. Las Vegas feels that increased pressure on First Western Savings and Loan would be to the advantage of the Bureau as they are aware that this is a group of Black Panthers occupying a residence mortgaged by them. It is felt that if the mortgage company can be encouraged to foreclose on the above residence, this will force a further financial hardship on [REDACTED] as he will be without headquarters and be looking for a new location for his organization.

If the above suggestions as mentioned are approved by the Bureau, they will be immediately instituted upon authorization of the Bureau.

When and if we cease to do this, we cease to be the Vanguard or Revolutionaries.

Today, as in the past, the struggle always reached a point where certain individuals become weak and non-functional objectively because they were not able to put the struggle of Liberation and Freedom before their selfish desires. This is a communique among opportunists and renegades. If the Vanguard Party is to be effective, it must have rules and principles for its members to follow in order for them to grow stronger.

The following list of opportunists and renegades are no longer members of or Community Workers from the Black Community Information Center and are not to be communicated with. They are banned from the premises of all factions and bureaus of the Black Panther Party. These fools are confirmed ENEMIES OF THE PEOPLE:

These fools after being constantly disciplined for violations of Party principles and rules such as insubordination, lies, chauvinism, disregard of orders, and refusal to attend mandatory meetings; grew weaker instead of stronger. But by their actions, which are supreme, their intentions of serving the People were very minute. Their actions then were very contradictory to their boasts.

New York believes that Charlotte's proposal to sell the BPP - Cleaver faction in NYC on the idea of bringing the North Carolina BPP into their fold merits attention.

Due to the chaotic state of affairs of both the Cleaver and Newton factions of the BPP in NYC at this time as evidenced by the recent violent death of SAM NAPIER, BPP National Circulation Manager of the BPP newspaper, and the burning of the Queens, NYC BPP Office, it is felt that the interests of both factions of the BPP would be more concerned with consolidating their present forces rather than making an attempt to recruit new members from a distant state.

New York does not feel that it would be beneficial to send sources to North Carolina at this time when it appears that their services can be better utilized in the NYC area to report on the ever changing status of the BPP in that place.

Set forth below for the information of the Bureau and San Francisco are the addresses of two organizations in France which support the Black Panther Party (BPP), together with explanatory comments concerning each. Although the BPP Support Committee is the only group which devotes its efforts exclusively to the BPP, the Committee for the Defense of Black Americans has also engaged in activities on behalf of the Party and is, therefore, being included in this summary.

Comite de Soutien au Black Panther
(Black Panther Support Committee)

This committee was organized in February, 1970, and has its headquarters at the Librairie "Git-le-Coeur," 6 rue Git le Coeur, Paris 5eme. The committee is headed by a French national, and nominally supports the CLEAVER faction of the Party; information has been received, however, which indicates recently returned from a visit to Algeria completely disenchanted with CLEAVER and the Algiers group.

Comite d'Action et d'Information Pour
La Defense des Droits des Noirs Americains
(Committee for the Defense of Black Americans)

This committee, which supports not only the BPP but also other Black Power movements, has its headquarters at Paris 6eme, which is the of the organization. This organization was founded by a French negro attorney, and by Professor a citizen of the United States currently teaching in a Paris University, in April, 1970, and has engaged in activities on behalf of the BPP.

Although this proposal could broaden the rift and break [REDACTED] influence, it is felt that their public squabbling has already pretty well accomplished this. The letter would read as follows:

Dear Mayor [REDACTED]

It is about time you decided to stand on your own two feet and stop listening to [REDACTED] might want [REDACTED] fired, but he also will ruin Newark if given a chance.

Everybody knows how tight you and [REDACTED] have been since you got elected. You keep saying that [REDACTED] and you aren't that tight and that [REDACTED] doesn't tell you what to do.

The Winston-Salem, N. C., National Committee to Combat Fascism (NCCF) has remained aligned with the Newton or main body of the BPP [REDACTED]

at Oakland, Calif., during the first week of March, 1971 where the latest word was received from HUEY P. NEWTON concerning the split. [REDACTED] Subsequent information indicates that [REDACTED] has returned to New York and is aligned with the Cleaver faction. It is noted that [REDACTED] has made speaking appearances in North Carolina in the past and is familiar with the group and operations in North Carolina.

It is believed that the group at Winston-Salem, if aligned with the New York or Cleaver faction, would be less able to survive since sales of the BPP newspaper as received now from California appear to be one of the major means of support. New York requested to advise if it is feasible through their informants or other means to sell the Cleaver faction of the BPP in New York on the idea of attempting to sway the BPP in North Carolina into allegiance to Cleaver, accomplishing this through either visits by New York members to North Carolina preferably informants or the planting of information at New York that the North Carolina group is possibly aligned with New York infurnishing this information to California.

It is noted that the top leadership within North Carolina are all under indictment for various charges and with them out of the way and some other cause for either factionalism or dissention within the group would assist in destroying it completely. It is noted [REDACTED] would in all likelihood be loyal to Newton at all cost; however, [REDACTED] and other leaders who have traveled to New York and are more familiar with the New York people than California could possibly be swayed to the Cleaver faction.

Charlotte is taking no action in this regard at this time, however, is requesting the Bureau, New York and San Francisco give this matter consideration as to desirability, feasibility, and method of operation. In the event it appears practical, additional suggestions will be made for its implementation.

Review of NY files concerning Cointelpro operations indicates that there have been no vis-a-vis contacts between Bureau Agents and anyone associated with the Episcopal Church in NYC in relation to Church funding activities.

New York feels that any contact by Bureau Agents with any Episcopal Church functionaries concerning their intended funding of the Junta of Militant Organizations (JOMO) is fraught with danger as there is the distinct possibility that such a contact could cause immediate or future embarrassment to the Bureau.

Tampa should be aware that local Black Militant organizations may be attempting to determine the Bureau's interest in their activities and that any information gratuitously furnished must be acted upon in a most circumspect manner.

The Berlin address is suggested because it is the main subdivision of the German Committee and San Francisco may wish to forward a copy to that address.

As the Bureau will recall, the former Solidarity Committee in The Netherlands was dissolved and its operation was assumed by the Freedom School. The English spelling is used for that organization as it would probably more likely be used in that form by an American addressor. However, the Dutch spelling is Vrijheidsschool.

Also in the German addresses the correct German form would place the city on the line above the street. It is believed, however, than an American addressor would more likely use the above form.

ReNYlet to the Bureau, 3/2/71.

Various articles in the "New York Times" have indicated that a group called "The Citizens Commission to Investigate the FBI" has been circulating documents stolen from a Bureau facility in Media, Pennsylvania, in the early part of March, 1971. These articles indicate that the aforementioned group has been sending the stolen documents to certain newspapers and individuals around the United States.

The NYO feels that the above-described situation represents counterintelligence possibilities by having opened up a direct line of communication between the Bureau and interested targets for counterintelligence operations.

In line with this suggestion, New York feels that one practical implementation of it would be to send a note to Black Panther Headquarters in Oakland, California, postmarked Princeton, New Jersey, which would read as follows:

"Gentlemen:

"I have been privy to the viewing of several documents ripped off from a Government agency's files in the East Coast.

"The people who now have possession of these papers are being very selective in the distribution of their contents and I doubt seriously if they will be in contact with you.

Enclosed herewith for the Bureau and Philadelphia is a copy of a letter. Pittsburgh is recommending it be utilized in captioned program.

As a counter-intelligence measure to cause disruption in the Black Panther Party (BPP) both in Philadelphia and Pittsburgh and to possibly neutralize [redacted] who was recently reported to be [redacted] in the Republic of New Africa in Pittsburgh, the Bureau is requested to consider the following recommendation:

It is recommended that the enclosed letter be prepared as an authentic Bureau communication. A xeroxed copy of this letter will be mailed to the Black Panther Party Headquarters in Philadelphia and to the Harambee Bookstore in Pittsburgh, along with a xeroxed copy of a news clipping from an appropriate Philadelphia newspaper relating to the burglary of the Media, Pennsylvania, Resident Agency. This mailing would be as similar as possible to the recent mailing of Bureau documents to members of Congress.

It is believed that such a mailing will cast suspicion on [redacted] in Philadelphia and [redacted] in Pittsburgh, and that even if the recipients are not completely convinced of the authenticity of this letter, they will not be able to ignore the possibility that [redacted] may be informants.

If this technique is approved by the Bureau, the letter will need to have the Philadelphia blockstamp and should contain the name of one of the Media Resident Agents in order to indicate a logical reason for it to have been in the Resident Agency. It is suggested the letter contain the handwritten note of an appropriate Philadelphia supervisory personnel to the effect that the letter should be "filed in informant control file."

Suggestions of the Philadelphia Office concerning this matter are requested particularly concerning any notations that would lend authenticity to the letter.

No action will be taken in this matter without Bureau authority and the Bureau will be immediately advised of any tangible results.

ReSlairtel, 3/29/71, captioned "Charles Enlow Koen, Racial Matters - BU," indicating to recipient offices that Springfield possessed a caricature of Koen and soliciting identities of possible supporters who might have furnished assistance to him and to whom a copy of the caricature could be anonymously mailed.

As you are aware, Bureau authorized circulation of this caricature to selected supporters of Koen and to selected black leaders in the community who are not aligned with Koen or the United Front in such a manner that they cannot be traced to the Bureau or any Bureau employee. The Bureau feels that these mailings, under ordinary circumstances, should be restricted to those individuals in the approximate vicinity of Cairo, Illinois. The forwarding of these caricatures throughout the country to supporters of Koen would obviously indicate that these caricatures are not being distributed by some local citizen or group of citizens of Cairo, which is the intended impression.

In the event that you have some intended targets from other localities who are well known in Cairo to be supporters of Koen, then such a restriction would not necessarily apply. However, before any mailings are directed outside the approximate vicinity of Cairo, you should seek specific Bureau authority under instant caption and furnish details indicating how the proposed recipient would be known to the populace of Cairo.

Re: COINTELPRO - Black Extremists

NOTE:

COINTELPRO is designation for the counterintelligence program. Koen, a key black extremist, is leader of the United Front, Cairo, Illinois, which group has led the boycott of white merchants in Cairo for the past two years. This group has been the prime instigator in the numerous confrontations which have occurred in Cairo between some blacks and local authorities. Director approved preparation of this caricature and dissemination of it on a selected basis by memorandum of 2/23/71, G. C. Moore to Mr. C. D. Brennan under instant caption. By Bureau airtel 3/22/71 under instant caption, Springfield was authorized to distribute these caricatures on a limited basis under the secure conditions set forth above.

Re Portland letter to the Bureau dated 2/10/71;
Bureau airtel to Portland dated 2/19/71; and Portland letter
to the Bureau dated 3/10/71.

The following proposal is being submitted for
consideration as a counter intelligence proposal aimed at
creating dissention between [REDACTED] of Portland's
Black Panther Party (BPP), and other Black militants in the
Portland area.

BACKGROUND

[REDACTED] Portland Division indicate a certain
amount of dissention exists between black individuals
incarcerated at various local jails in the Portland area
and [REDACTED] of Portland's BPP. These sources
indicate this dissention centers around the fact that there
had apparently been a bail bond fund created by [REDACTED]
and other members and associates of the BPP. This fund was
to be used in case one of these individuals who had partici-
pated in forming the fund was incarcerated. These sources
advised, however, that to date several individuals have
been arrested and have not been able to obtain bond by
[REDACTED] nor did [REDACTED] make any attempt to post bail for
these individuals.

Bureau airtel dated 2/19/71 advised that a similar
counter intelligence proposal which had been submitted by
Portland had definite merit, however, they suggested that
several individuals be interviewed in regard to their activi-
ties with the BPP.

Portland has interviewed these individuals and during the interviews, they were asked why [REDACTED] had failed to arrange bail to obtain their release. Although these individuals refused to comment on this, it was noted that these subjects gave considerable thought to this matter.

PROPOSED COUNTER INTELLIGENCE

It is proposed that after interviewing local black extremists concerning their activities or during the interview of other logical Negroes who reside within the black community, they be asked why they felt [REDACTED] had failed to obtain bail for various members and associates of the BPP who have in the past been incarcerated.

EXPECTED RESULTS

By utilizing the above counter intelligence proposal, Portland feels that the image of [REDACTED] will be lowered in the eyes of these individuals and a certain amount of distrust would be created between [REDACTED] and other black militants in the Portland area.

ReNYlet to the Bureau, 3/2/71.

Referenced letter pointed out that the Black Panther Party (BPP) had undergone a complete bouleversement in its organization and operations in the New York City area which left its local operations in a state of chaos.

Since the date of referenced letter, the BPP has split into two factions in the New York City area, namely the CLEAVER and NEWTON supporters. This dichotomy apparently has been instrumental in the shooting and killing of ROBERT WEBB, a functionary of the Cleaver faction in New York City.

These tumultuous events have made it difficult for the NYO to formulate specific and practical counterintelligence proposals which would be timely and productive.

New York feels that while at this time there are no specific proposals to be submitted, it is obvious that it would be detrimental to the continuing efforts of the BPP as a whole to keep the two opposed factions from reaching a detente or at least seeking a rapprochement in their future dealings.

Inasmuch as the leadership of the Cleaver faction is without the continental boundaries of the United States, it will make it more difficult for that group to communicate with and control the operations of the rank and file membership of that group.

Therefore, this will make that faction more susceptible to counterintelligence techniques than the Newton faction.

New York will in the immediate future submit counterintelligence proposals against the Cleaver faction of the BPP designed to widen the existing rift within the BPP.

It is noted that the Pittsburgh NAACP Branch President and Executive Secretary are strongly censured by the National Office for cooperating with groups raising funds for the defense of ANGELA DAVIS.

It is considered possible that in view of the widespread interest in the DAVIS case and the proliferation of ANGELA DAVIS Defense Committees, many of which are communist-sponsored or controlled, in various sections of the country that the NAACP in some other local areas may be involved in these Defense Committees.

If the Bureau is in possession of such information indicating local NAACP participation, appropriate counterintelligence action to call the attention of the National Office of the NAACP to this fact could result in similar withdrawal of NAACP support.

Re Portland letter to Bureau dated 1/19/71.

**BLACK NATIONALIST MOVEMENT IN
THE PORTLAND FIELD DIVISION;
CHANGES**

The Black Panther Party (BPP) in Portland, Oregon is an active group, however, there are currently only approximately eight members in this group. The majority of the activity of this group centers around the operation of the health, dental, and breakfast programs in the Portland area and, with the exception of these three programs, the BPP is extremely inactive and shows little interest in any outside BPP operations.

As reported in the past, the BPP was attempting to obtain a permit to solicit funds legally to operate the dental and health clinics, as well as their breakfast program. It was not felt that this permit would be issued because of the tremendous pressure being brought on the Portland City Commission by the Portland Police Department and other civic groups against the issuance of such a permit. In a surprise move by the Portland Solicitations Committee and the Portland City Commission, the BPP was issued a three-month temporary permit, and it is now expected that the City Commission will issue a permanent permit in the near future, barring some unforeseen circumstances.

The Nation of Islam (NOI) group in Portland is one of the largest black militant-type organizations in Oregon; however, no concrete counterintelligence proposals have been developed to date in regards to this group. Specific counterintelligence proposals will be made at some future date in regards to this group.

Operations Under Consideration

Portland is presently formulating several plans to create dissension between [redacted] of the Portland BPP, a [redacted] a publicly known white left wing radical, who [redacted] in Portland [redacted] is apparently the brains behind the operation of the clinics, however, the BPP takes credit for the sponsorship of the programs. Portland feels that if a split occurred between these two individuals, the two clinics would eventually also dissolve.

Portland is also submitting a proposal for consideration involving an article which appeared in the "Parade" section of the March 28, 1971 issue of "The Oregonian," a local Portland newspaper. The article, appearing in the WALTER SCOTT column entitled "Personality Parade," deals with a question submitted concerning HUEY NEWTON's living in a \$650 a month penthouse. SCOTT's answer alluded to the possibility of communist funds being funnelled into the BPP organization.

Portland in referenced communication suggested that an article in the publication "Parade" be reproduced and mailed anonymously to selected individuals assisting the BPP in conducting their programs and making donations to the BPP. "Parade" is a widely read Sunday newspaper supplemental and the article referred to disclosed information concerning Newton's plush apartment; that Newton receives \$2,500 for lecturing at universities and his bookings are handled by a New York law firm. One of the partners in the firm David Lubell was identified as a Communist Party organizer. It is believed present donors to the BPP and their programs are well aware of the methods employed by the BPP to obtain donations to their programs and that Newton has connections with David Lubell, a former Communist Party member.

BACKGROUND

On page 2 of the enclosed issue of "Parade" under the article by WALTER SCOTT, entitled "Walter Scott's Personality Parade" is a question from an individual who writes SCOTT and asks, "I see by the papers that Black Panther Huey Newton is living in a \$650-per-month penthouse in California. He was a sweeper in a Mishawaka factory at the time of his death. Kuhl, who had served in the North African invasion, the invasion of Sicily, and later in the Normandy invasion, remembered that "Patton slapped me in the face with a pair of riding gloves, then kicked me in the butt. Later he apologized and said he didn't know how really sick I was and that I had been suffering from malaria."

The incident cost Patton command of the U.S. 7th Army, but he subsequently became commander of the 3rd Army which he led across France and helped defeat the Germans.

Patton was killed in an automobile accident in December, 1945. A few weeks before Kuhl died in Mishawaka, a \$10 million George S. Patton Jr. Memorial Center at San Gabriel, Calif., the general's hometown, was dedicated by retired U.S. General of the Army Omar Bradley.

Said Bradley: "Whatever you think of him as a man, George was one damned good soldier."

A. Yes, it pays for information, also keeps informers on salary and expense arrangements.

Q. What is the source of the quotation: "Censorship reflects a society's lack of confidence in itself"?—Clarence Marcus, Bronx, N.Y.

A. It is an abbreviated version of a sentence from a judicial opinion handed down by Justice Potter Stewart of the U.S. Supreme Court.

A. Vanessa Redgrave reportedly funds one underground GI newspaper, "Peace," published by American servicemen at the Mildenhall naval air facility in Great Britain. She finances that one underground four-page mimeographed newspaper because she is strongly against the war in Vietnam.

A man rushed home and gleefully announced to his wife: "Darling, now we don't have to move to a more expensive apartment—the landlord has raised our rent."

Two women came into a grocery store and one ordered everything in sight. When the counter couldn't hold any more, the clerk asked where she wanted it delivered. "No place," she said. "I just want to show my friend here how much stuff you could buy for \$2 in 1952."

Jack said to Jerry, "Why don't you work?" Jerry laughed and replied, "Why should I work to support a bum like me."

Two small boys had just seen a romantic movie. "Wasn't it terrible?" exclaimed one in disgust. "I didn't think it was too bad," said the other. "During the kissing scenes I just closed my eyes and made believe he was choking her."

"My what funny names these Vietnamese towns have," remarked a man from Schenectady, as he read a Poughkeepsie newspaper on his way to meet a friend in Hackensack.

A man got married and his friends didn't know what to buy as a wedding present. Somebody suggested that he give cash. "No, no," he said. "I can get it wholesale."

I went to a college so small it only had two students—me and this girl who sat next to me in class. When it came time for the prom I didn't go.

To avoid being drafted two brothers hid in a cellar. When they looked around in the dark, they saw their year-old uncle crouched in a corner. They whispered to him, "You're hiding, uncle, why are you hiding?" The uncle looked at them and said, "They need generals, don't they?"

I'm saving my money. Someday it may be worth something.

A man wearing a hearing aid entered a taxi. "Must be tough to be deaf," sympathized the driver. "But then nearly all of us have something the matter with us. Take me, for example, I can hardly see."

The gangster gave his girl a beautiful mink coat. After admiring herself in it she said: "What is it worth, honey?" "Oh," he said, "from five to ten years."

EDITOR'S NOTE: Jackie Clark says he's been a dedicated comedian "Since I woke up one morning and said how can I get into a business where I can sleep late?" He's appeared many times on television—Johnny Carson, Merv Griffin, David Frost in London, Hollywood Palace, etc.—and made a comedy record called simply, "Jackie Clark."

How did he get into show business? "Well no one gets up in the morning and looks in The New York Times under comedian. Now magicians, they're another story. They're the only entertainers listed in the Yellow Pages."

"The first show I did was at this place in Philadelphia. Things were going real bad. Finally I walked up to the boss and said: 'I don't mind a guy throwing

Police Say Occupants Fired First

2 Arrested After Gunfire at House

By Jim Gray

Police riddled Black Panther headquarters at 1127 E. 23rd Street with gunfire and tear gas canisters at noon yesterday. They charged that they were fired upon from a bedroom window while investigating the theft of a truckload of meat.

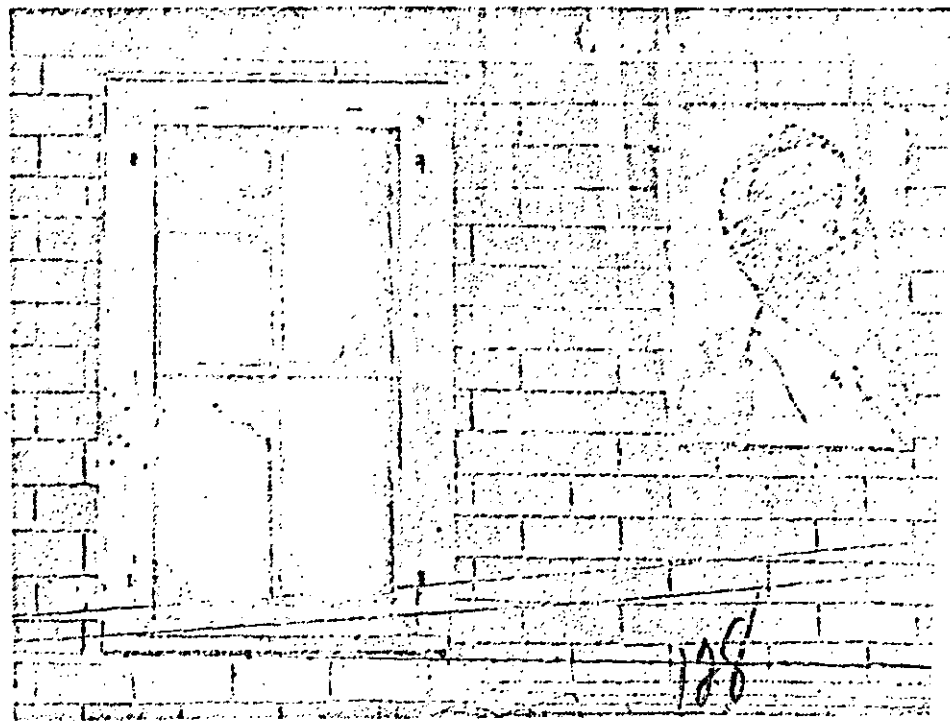

No one was hurt despite a 45-second barrage that smashed every window in the two-story frame house. Two youths, a 15-year-old boy and Grady Fuller, 22, of 1233 Jackson Avenue, were arrested after they surrendered and walked out the front door.

The boy was charged with larceny, and Fuller was charged with larceny and two counts of assault with a deadly weapon.

Police received a call at 10:39 a.m. yesterday from Ralph Lindley, a delivery truck driver for Chatham Food Co. of Siler City. Lindley said his truck had been stolen at Jackson Avenue and 14th Street.

A grocery store is across 14th Street from the old Panther headquarters, which was destroyed by fire Nov. 27.

Lindley told police he borrowed a car and found the truck, which was filled with 20 boxes of meat, at 1127 E. 23rd Street. He said he saw two or

Witness Tells Court Of Gunplay

FT. BENNING, Ga. (AP) —
x-GI Paul Meadlo testified
Tuesday that he shot women
and even their babes in arms
when Lt. William Calley Jr.'s
infantry platoon swept into My
Lai.

Meadlo said he was convinced
the women and children were
deadly agents of the Viet Cong.

"What were the babies
doing?" Meadlo was asked at
the court-martial of Calley on
charges of premeditated murder
of 102 Vietnamese men,
women and children.

"They were in their mother's
arms," replied the 23-year-old
former private first class from
Terre Haute, Ind., whose right
foot was blown off by a mine
the day after the so-called My
Lai massacre on March 16,
1968.

"Were You Afraid?"

"Were you afraid they would
attack you?"

"Yes, I was," Meadlo answered.
"They might have been
loaded with grenades that their
mothers put on them—in that
sense, yes."

At another point, Meadlo was
asked:

Q. What were the mothers
doing?

A. Squatting down.

Q. Did they make any move to
attack you?

A. I assumed every minute
they were going to attack. That
was all that was on my mind. I
didn't know whether there
might have been a chain or a
little piece of string or some-
thing they might have pulled
and all they have to do is make
one little movement and blow
us up.

Meadlo had testified earlier
that at Calley's orders he had
stood side by side with the lieuten-
ant on two occasions in My
Lai shooting down unresisting
Vietnamese civilians.

Witness for Defense

Later, a witness for the de-
fense, Tommy Moss, 24, of Spar-
tanburg, S.C., said that at a
briefing the night before My
Lai, the commander of Company
C, Capt. Ernest Medina, told
the infantrymen:

"We were to come into con-
tact with the 43rd Viet Cong bat-
talion and this mission was a
search and destroy mission and
everything in this village would
be killed including the women
and children."

Q. Did the subject of women
and children come up specifical-

—A flat ceiling, not specified,

pient could receive.

—Greater effort to make fa-
thers take care of their chil-

—Put the aged, blind and dis-
abled into a separate automatic
payment program like Social
Security.

—Elimination of "the cloak of
secrecy" around welfare cases
that inhibits the ability of wel-
fare workers to challenge a per-
sons' eligibility.

Reagan also proposed string-
ent tightening of the state's
Medi-Cal program, California's
version of the medicare pro-
gram of free health care for the
poor.

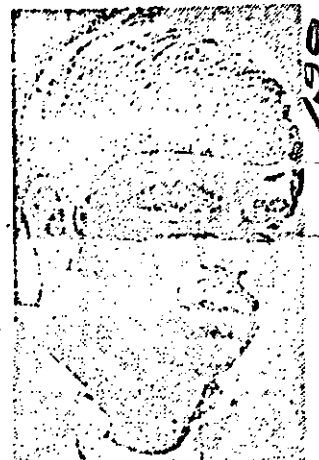

He proposed that the 2.4 mil-
lion Medi-Cal recipients help

and that coverage be trimmed

house and confiscated a 12-
gauge shotgun and two military-
type rifles. They also took 50
rounds of ammunition from the
house. All 20 boxes of meat
were in the house and were
recovered by the police.

Later, the police filled up a
pickup truck and part of a
rented truck with desks,

pictures, papers and f-
acts.

Tucker said yesterday
afternoon that one or
the items were recog-
nized as stolen property. He
said the police will inventory the
items then turn them over to
a solicitor for disposition.

Tucker said another
reason for removing the items
was to prevent pilfering. He
said the doors and windows of
the building were damaged.

Officers also found a
smoldering mattress wa-
ter apparently been set on
a tear gas canister. The
canister was thrown out a win-
dow from the front lawn.

Tucker said in a
conference yesterday
that he did not expect
any subsequent trouble. "I
seek confrontation with
the group," he said, "but

To recommend 90-day progress letters submitted by 43 offices participating in this program be discontinued.

COINTELPRO is code word for counterintelligence program. By memorandum 2/29/68 the Director authorized submission of 90-day progress letters concerning captioned program for purpose of stimulating thinking in offices where black extremist activities are concentrated. Forty-three offices are currently participating in this project.

This program has as its objectives the neutralization of black extremist groups, the prevention of violence by these groups and the prevention of coalition of black extremist organizations. Since these offices have participated significantly in this program, it is felt we can now relax our administrative procedures by eliminating the 90-day letter. We will not suffer from this discontinuance as continued participation in this program by field is followed by individual Supervisors in Racial Intelligence Section, Domestic Intelligence Division. In addition, the Inspection Division analyzes each office's participation in this program during field office inspections. In view of the above and to streamline our operations, it is recommended these progress letters be discontinued. No change is required in any Bureau manuals.

ACTION:

REC-20

If approved, the attached airtel advising of discontinuance of these 90-day letters will be forwarded to offices participating in this program.

NOTE:

The New Haven Black Panther Party (BPP) is in the process of purchasing house at the above address. There are numerous businesses in that area and New Haven has requested authority to send anonymous circular letter to these businesses advising of the BPP purchase plans and that presence of BPP in that area would seriously jeopardize their safety and investment. The BPP in New Haven is currently in a state of turmoil in that it has been reported "everybody" is being expelled. The proposed mailing could further disrupt that chapter.

Re New Haven letter to Bureau 2/26/71.

As set forth in referenced letter, New Haven is submitting for consideration the following counterintelligence proposal regarding the newly sought headquarters of the Black Panther Party, 259 Dixwell Avenue, New Haven.

A review of the New Haven City Directory reflects there are numerous businesses located in the immediate vicinity of the proposed BPP headquarters. As a counterintelligence measure, it is suggested a circular letter be sent to each business address listed in that block pointing out certain facts about the deterioration of the area in which the Panthers now have their headquarters. The letter should also point out that allowing this organization to house itself in that area could result in a similar deterioration of their area.

If this measure is approved, it will be forwarded on non-watermarked paper and handled in such a manner so as not to reveal the source.

Following is proposed contents of letter:

Fellow Merchants:

I was informed some days ago the organization known as the Black Panther Party plans to buy a house in our community. As a businessman, I have heard numerous complaints from other businessmen in and around the area where the Black Panthers now have their headquarters. These people have stated that many times the Panthers have required special favors and failure to comply with these favors was met with overt threats. Businessmen in that area have also found that their clientele had diminished because of this organization's presence.

By nature I am not biased, but I feel that we as businessmen should try to protect our investments and seriously give some thought to allowing this organization to move into our area. I am not trying to have you accept my opinion by stating that it is fact, but all I can do is challenge you to check with other merchants in and around the Panther's present headquarters, 35 Sylvan Avenue. You then be the judge.

A Concerned Merchant

Through sources knowledgeable in BPP activities, it has been determined that a closing on the house the BPP is seeking to purchase is expected to take place within the next three weeks. Expeditious handling of this proposal is requested.

COINTELPRO is code word for Counterintelligence Program. Cincinnati recommended letter be forwarded to BPP headquarters which notes National Committee to Combat Fascism (NCCF), a BPP front, in Dayton can't pay rent but one of its leaders dresses well and drives a new car. Letter suggests decisions made by this leader on behalf of NCCF in Dayton were made in a manner to profit this officer rather than in line with BPP objectives. Data set forth in letter is basically factual. It appears this letter may disrupt operations of this group and cause dissension. NCCF in Dayton is an active group with approximately 20 members. There is no chance of embarrassment to the Bureau and significant disruption could result from this operation.

This article was written by WILLIAM RASPBERRY, a columnist and writer for the Washington Post who is a black and a specialist in affairs of the black community. RASPBERRY's article was entitled, "GARRY; He Cost Panthers Valuable Points".

Enclosed for San Francisco and New York is one copy each of above described article.

In view of RASPBERRY's article, New Haven does not feel that at this time referenced proposal would be effective, therefore New Haven is forwarding no proposal as set forth in referenced communication since the enclosed article has already been very effective in discrediting Attorney CHARLES GARRY as well as the Panther Movement.

You don't have to be a Black Panther to believe there has been a nationwide (if not nationally coordinated) campaign to wipe out the Black Panther party.

But if you believe there is at least the possibility of such a campaign, and if you believe that the way to prevent its fruition is to call attention to the fact that it exists, you have to be furious with last Monday night's performance of Black Panther lawyer Charles Garry.

Several newspapers have beat their editorial breasts in guilt over having carried, unquestionably, Garry's assertion that 23 Black Panthers have been murdered by the police.

The "mea culpas" followed disclosures by Edward Jay Epstein, writing in The New Yorker magazine, that Garry's figure of 23 was a fabrication, that no more than 10 of the Black Panthers on Garry's list had been killed by police, and only one or two of them—namely Fred Hampton—under circumstances that could remotely qualify as murder.

Those who thought Garry might have had a point even if he did have his facts a bit cracked, must have looked forward to the meeting of Garry and Epstein head-to-head on the David Frost show.

(Editor's Note—William Raspberry is a columnist and writer for The Washington Post. He is black and a specialist in affairs of the black community.)

What they got instead was an absolute refusal of Garry to support or even discuss his allegations. He attempted to cover up his embarrassment by indulging in some rather juvenile name-calling and making yet more unsupported allegations—this time against Epstein.

Frost suggested going through the "murder" list, name by name, to see how much truth could be learned. Garry declined that approach, choosing instead to launch into long drawn out definitions of genocide.

Epstein told viewers that his investigation showed that at least one man on the list had been killed by his teen-aged wife. Garry refused to argue the point, saying he knew nothing about that particular case—or any particular case for that matter. His information, he said, had come from the Black Panthers.

Then Epstein demonstrated that even taking accounts of the slayings from the Black Panther newspaper

failed to support Garry's oft-repeated charge of 23 police murders.

Garry's response was to accuse Epstein of being an agent of the FBI and the CIA, a charge he offered to prove. The proof, when it finally came, amounted to this: Epstein had published his story during the time a member of the Panther party was on trial for his life in New Haven. This fact, according to Garry, demonstrated that Epstein was an agent of the government that was trying to harass the Panthers.

Garry ought to avoid that kind of reasoning lest he convict himself of being a CIA-FBI man.

For if Epstein became an agent by influencing public opinion against the Panthers, Garry, by ineptitude, arrogance and cavalier regard for elemental truth, must have lost the Panthers more support than Epstein ever could.

As it came over the television, the Panthers would have to prefer a dozen enemies like Epstein to one friend like Charles Garry, whose major proof of Epstein's "inaccuracy" was that he once spelled the lawyer's name "Charels."

What was most frustrating to this viewer was not that Garry's ineptitude made the Panthers look bad. The Panthers, one supposes, can take care of themselves.

What bothers me is the likelihood that the American people—at least those who watched Monday night's farce—will be led to dismiss any allegation whatever of black repression or of official efforts to silence militant spokesmen.

That is a tragedy, because there is evidence of a repressive mood in the country. And if this mood has not yet produced anything that can be fairly described as genocide, it still remains a not very far-fetched possibility.

But who, after watching Monday night's performance, will believe it? The

net effect of that show was to discredit not only past allegations of repression, but any future ones as well.

If repression is to be averted, blacks and other freedom lovers will need all the public support they can muster. They don't need Charles Garry selling out tickets.

COINTELPRO - BLACK EXTREMISTS
RACIAL MATTERS

Counterintelligence activity in the recent past has been directed primarily toward aggravating dissension between Huey P. Newton, Black Panther Party (BPP) Supreme Commander, and Eldridge Cleaver, BPP Minister of Information in exile in Algeria. Since the differences between Newton and Cleaver now appear to be irreconcilable, no further counterintelligence activity in this regard will be undertaken at this time, and new targets must be established.

David Hilliard and [redacted] of National Headquarters and [redacted] of Chicago BPP Chapter are likely future targets. However, if any of these individuals are being seriously considered for development as informants, this might make inadvisable counterintelligence activity directed toward them.

Hilliard's key position at National Headquarters makes him an outstanding target.

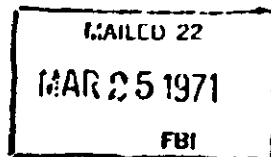

[redacted] are also key Panther functionaries; and since it was necessary for them to affirm their loyalty to Newton in "The Black Panther" newspaper of 3/20/71, they must be under a certain amount of suspicion already, making them prime targets.

San Francisco and Chicago furnish the Bureau their comments and recommendations concerning counterintelligence activity designed to cause Newton to expell Hilliard, Howard, and Rush.

statement should not be further clarified since, to be effective, this operation should contain the hint of a threat without spelling out the nature of the threat.

The letter would also state, that in order to avoid censorship and possibly alert Guinean security officials, the letter was smuggled out of the country to be mailed from France.

To further enhance the possibility of success with such a venture, the text of the letter which would be prepared by WFO would be furnished to the Legat, Paris, France. Thereafter, it would be necessary for the Legat to obtain appropriate type stationary commonly used in Conakry, Guinea and prepare the letter in English on a French style typewriter. The letter should then be mailed from Orly Airport to New York City.

It would be necessary for the New York Office to either select a friend of CARMICHAEL residing in New York City and have a black agent rent a Post Office Box for a 30 day period in the name of this friend, or rent the Post Office Box under a fictitious name. Once the letter is recovered in New York it should be opened and then placed together with the envelope showing cancellation in Paris, France into another envelope with an anonymous cover letter stating the letter was found on the street and since it was [REDACTED] and sounded as if it contained a possible threat was being forwarded to the [REDACTED]

same to [REDACTED] resulting in considerable difficulty for CARMICHAEL if not his expulsion from the country.

The New York Office is asked to comment on the above plan and advise the Bureau by airtel so that the Bureau can make a prompt decision as to the desirability of such an operation.

WFO would like to point out that by having the Post Office Box rented for only a 30 day period and paid for in cash, there is no possibility of tracing this scheme to the Bureau. WFO can conceive of no other possible way information furnished by CIA could be used against CARMICHAEL.

ReWFOlet 12/15/70.

In accordance with instructions set forth in Bulet dated 3/4/68, the following data is submitted:

I. OPERATIONS UNDER CONSIDERATION

WFO has under consideration a plan whereby a letter will be prepared as if written by STOKELY CARMICHAEL which it is believed would negate CARMICHAEL's influence in the Pan African movement and negate his future effectiveness.

This operation is being held in abeyance in view of CARMICHAEL's presence in the U.S. The operation will be consummated, if approved by the Bureau, upon CARMICHAEL's return to Guinea.

Copies of this article, furnished the Bureau by WFO, were mailed out to colleges and universities by many other offices. The article, signed by the Sophomore class of Howard University, was very critical of the Revolutionary Peoples Constitutional Convention held in Washington, D.C., during November, 1970, and of the BPP leadership.

III. TANGIBLE RESULTS

No tangible results have been reported to date concerning operations reported on in referenced airtel or in instant airtel.

IV. DEVELOPMENTS OF A COUNTERINTELLIGENCE INTEREST

Of considerable interest is the recent announcement that the BPP is splintering into at least two groups.

WFO will remain alert for suitable counterintelligence programs to further disrupt and weaken the BPP and will continue to submit suggestions in an attempt to drive a wedge between the BPP and the black student community.

Re Los Angeles letter to Bureau, 12/10/70.

1. Operations Under Consideration

A proposal was submitted to the Bureau on 2/5/71 to send a leaflet entitled "The Black Panther Party and the Future of the Black Movement in America" by Black Action Caucus, California State College at Los Angeles, a fictitious organization, to black student organizations throughout the country.

On 2/8/71, a proposal was made to send an anonymous handbill entitled "Wanted for Crimes Against the People, Huey P. Newton," to NEWTON and all existing BPP offices.

On 2/9/71, Los Angeles submitted a proposal to send a letter to ELDRIDGE CLEAVER denouncing HUEY NEWTON and creating the impression that the Los Angeles BPP was seeking guidance from CLEAVER.

The Los Angeles Office continues to follow violations of the anti-riot and gun control laws by Black Nationalists for possible prosecution of these individuals under Federal and State statutes.

Telephone toll calls of various Black Nationalist leaders are continually reviewed under existing Bureau policy to ascertain what counter-intelligence measures might be placed into effect.

2. Operations Being Effected

On 12/23/70, a letter was mailed to EDLRIDGE CLEAVER from a fictitious individual in Los Angeles criticizing the lack of aggressiveness displayed by BPP Supreme Commander HUEY NEWTON.

During February 1971, a copy of the Howard University Student Newspaper leaflet dated 12/4/70 was mailed to various black student organizations and Negro newspapers in the Los Angeles area.

Interviews of suspected and past members of Black Nationalist groups continue in an effort to develop informants and to create distrust among the militants and to cause defection of some members.

3. Tangible Results

No information has been received from informants or other sources indicating that the counterintelligence programs now in effect or those which were executed in the past have had any direct effect on the current split which has taken place within the BPP.

4. Developments of Counterintelligence Interest

The current split within the leadership of the BPP throughout the country and Algeria offers a great potential for additional counterintelligence programs directed at the BPP and Los Angeles will continue to make suggestions in this regard.

Information concerning the activities of the Black Nationalist groups continues to be furnished on a daily basis to the Intelligence and Criminal Conspiracy Division of the Los Angeles Police Department and the Los Angeles County Sheriff's Office Intelligence Division in the anticipation that such information might lead to the arrest of these militants.

INFORMATIVE NOTE

Date 3/4/71

Attached contains pertinent observations of our San Francisco Office analyzing irreconcilable split that has occurred within the Black Panther Party (BPP) which has thrown the organization into a turmoil. Analysis indicates the chaotic condition of BPP and the split between BPP leaders Huey P. Newton and Eldridge Cleaver is possibly a direct result of our intensive counterintelligence efforts aimed at causing dissension between Newton and Cleaver and within the Party.

We are closely scrutinizing developments in the BPP to fully exploit same through counterintelligence in order to keep BPP off balance.

Reurlet 3/12/71.

Your interest in this very important program, as evidenced by your detailed suggestion in referenced letter, is appreciated by the Bureau. However, your proposal of establishing a technique whereby a commercial air carrier would be notified when it is determined that a Panther is traveling fraudulently on youth rate is not being approved.

It is believed that widespread application of the practice of notifying private commercial carriers of possible fraud by passengers could result in embarrassment to the Bureau since it would appear we were exceeding our investigative and jurisdictional responsibilities.

In the future, if evidence of such fraud comes to your attention, the information should be promptly furnished to appropriate local authorities, which would be fulfilling our responsibility with no indication of harassment.

Prior Bureau authority should be obtained before furnishing such information to a private firm.

Re SE let to BU 2/12/71.

In above-referenced letter Seattle advised the Bureau under caption IV "Developments of Counterintelligence Interest" of an incident occurring in January, 1971, concerning [REDACTED] BPP, Seattle, when he attempted to fly from Seattle to San Francisco on a fraudulently used Youth Rate Card. This incident definitely inconvenienced this BPP leader not only in personal travel plans but on a financial basis as well. The action resulted solely by having an Agent of the FBI at the airport at the time of departure who surreptitiously advised airline personnel of the fraud being committed upon them by [REDACTED]. This situation, as mentioned in above referenced letter, also came very close to causing [REDACTED] arrest by both local and Federal officials at the airport.

On February 25, 1971, [REDACTED] a former SDS member, currently under Federal prosecution as a member of the "Seattle 8" conspiracy trial, was observed at Seattle-Tacoma International Airport. The trial is a result of an attack on the U. S. Federal Court House in February of 1970 at which demonstration [REDACTED] had an active role. [REDACTED] attempted to fly from Seattle-Tacoma International Airport to Chicago, Illinois, and attempted to use a Youth Travel Card of another individual. This information was passed on to airline personnel by Special Agents of the FBI who were at the airport and observed [REDACTED] purchase her youth fare with a phony identification at the ticket counter. The true identity of [REDACTED] was passed on to both the USM stationed at Seattle-Tacoma International Airport and airline personnel who confronted [REDACTED] at which time [REDACTED] presented further identification of the individual whose name [REDACTED] was using.

2 - Bureau (REG)
2 - Seattle
SER/drm
(4)

145

As a result of the FBI information, [REDACTED] was not allowed to travel which caused definite inconvenience to her and her associates as well as increased her financial expenditures for her trip to Chicago.

These investigative efforts resulted in the following achievements:

- (1) Prevented New Left subjects from defrauding the airlines;
- (2) Exposed false identifications being utilized by New Left subjects and having them destroyed by issuing agencies.
- (3) Definitely established a technique that is probably used by New Left subjects in their constant travels throughout the United States with a minimum expenditure.

It is suggested to the Bureau that these instances be disseminated for the information of all divisions and that consideration be given by the divisions that whenever extremists travel their travels be verified in an attempt to discover the above practices. Seattle has found that upon receipt of information of an extremist traveling, a telephonic inquiry to the airlines can be made to determine if the individual has a reservation. When there is no reservation made, follow up has been conducted. It is these instances which have shown to be the times that these extremists use phony identification.

Re Jackson quarterly progress letter to Bureau, 12/2/70.

QUARTERLY PROGRESS LETTER

I. OPERATIONS UNDER CONSIDERATION

Jackson informants and other investigation by the Jackson Division has resulted in information being developed that the Republic of New Africa (RNA), which up until this time has only had a small inactive consulate in Miss., has recently been making intense efforts to obtain land in Miss. In this regard, they have recently obtained temporary use of several acres of land owned by a Negro male in a rural area on U. S. Highway 22 near Brownsville, Miss., which is located about 15 miles west of Jackson. The RNA supporters have begun construction of some buildings on this property and the RNA leaders have announced a National People's Center Council meeting will be held at this location on the weekend of 3/26-28/71.

In view of these developments and the potential that this situation has for rejuvenating the membership and the activity of the RNA, Jackson feels that this development warrants counterintelligence action.

Jackson Division is currently evaluating several possibilities for counterintelligence proposals in this regard and it is anticipated that requests for approval of a proposal will be forthcoming in the future.

II. OPERATIONS BEING AFFECTED
II. TANGIBLE RESULTS

In February, 1971, the Jackson Division requested Bureau authority for a counterintelligence proposal concerning a Black Revolutionary Conference to be held during the period 2/19-21/71, at Tougaloo College near Jackson, Miss.; this conference was announced to include nationally known black extremists as speakers.

[REDACTED]

[REDACTED] this article was published on the front page of the Jackson Daily News on 2/17/71. The Black Revolutionary Conference was never held as scheduled and it is felt that this article in the Jackson Daily News was very instrumental in the total failure of this conference. A follow-up article in the same paper appeared on 2/24/71.

As a result, in part to this counterintelligence proposal, a former friendship between [REDACTED] [REDACTED] sponsors of the conference, has been broken up. [REDACTED] has deactivated and disassociated himself from the Black Unity Coordinating Committee (BUCC) which was also sponsoring the conference, and [REDACTED] has left the Jackson area temporarily at least to attempt to seek support in another area of Mississippi due apparently to his inability to obtain support in the Jackson area.

IV. OTHER DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

The Jackson Division in early February, 1971, mailed out 24 anonymous mailings of a news article from the Howard University newspaper which reflected the BPP in an unfavorable light; addressees of this anonymous mailings included all pertinent newspapers, black nationalist groups, extremists and related individuals in Miss. The Jackson

JN 100-980

Division continues to discuss the BPP and other black extremist groups and their propensity for violence during all police schools or bombing matters, extremist groups, and related topics. Through this medium, numerous police agencies' officers and officials throughout the state are made aware of current developments regarding these groups and a very beneficial counterintelligence function is also performed concurrently.

It is proposed that the following letter be prepared by this office for mailing to the "Letters to the Editor" column in the local newspapers and to the student publications at local colleges.

"Dear Editor:

"I recently read an old copy of the Black Panther Party newspaper dated February 27, where the writers for this paper stated that it was a surprise to them that their leader, HUEY NEWTON, only paid \$650 per month rent for his apartment. The newspaper writers felt that since all the "pigs" like President NIXON, live extravagantly off the fat of the land, so should the Supreme Commander of the Black Panther Party.

"I noted that the writers first labeled the charge that NEWTON lived in a luxurious apartment as a "gross distortion".

"First, the Black Panther paper states that the establishment news media is attempting to brutalize the Black Panthers without reason then they claim that HUEY should really be living in even more luxurious style than he already is. According to the paper, HUEY and his "generals" should have the best, because of the strain of their efforts to plan party strategy.

"It appears that the Black Panthers feel that "luxury" is essential for their leader HUEY NEWTON to enable him to devote his talents to the problems of the people. The poor black people in the ghetto must really appreciate this."

This letter would be signed with a fictitious name.

It is felt that the publication of such a letter would further serve to encourage disillusionment on the part of the Black Panther Party supporters as to the competency of HUEY NEWTON and those Panthers responsible for the make up of the Panther paper.

The receipt of such material by those engaged in student publications should at least cause a re-evaluation as to whether or not such persons should support Black Panther Party solutions to today's problems.

II. OPERATIONS BEING EFFECTED

[REDACTED], has been instrumental in organizing a parents patrol to help the police and school authorities maintain order and discipline at the school. In connection with this, [REDACTED] and others involved in the parents patrol took a petition from door to door and received signatures of over 700 citizens who wanted something done about the lack of discipline in the schools. They have received the cooperation of school authorities and as of 12/7/70 had practically eliminated all non-students from a predominantly Negro high school, Lincoln High School, and their program has been so successful that they have initiated the same system at Morse Junior High School in the same area.

III. TANGIBLE RESULTS

The parents patrol has been able to eliminate the presence of people such as former Black Panther Party leader [REDACTED] from the high school grounds and [REDACTED]

believes that the improvement in the school discipline and conduct has been due directly and primarily to the parents patrol.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

The Black Panther Party continues to be non-existent in San Diego, California, as the result of information furnished by our informants and continued work of the local police department.

The National Involvement Association (NIA), affiliated with the Congress of African Peoples, has headquarters in San Diego. However, NIA is pursuing a far less militant trend and is encouraging political and economic activity as well as black cultural activity among the blacks in San Diego.

The Muslims of Nation of Islam in San Diego continue to be beset with dissension between two factions seeking leadership in the Nation of Islam in San Diego.

In view of the above activities of the groups named, no operations under Section I are under consideration at this time inasmuch as the local black militant organizations are doing an effective job of destroying themselves and/or changing the character of the organizations.

Re Indianapolis letter to the Bureau, 12/22/70.

A succinct summary of Black Nationalist Movement, including Black Panther Party activity in the Indianapolis Division is set forth below:

A. NATION OF ISLAM (NOI)

The Indianapolis Division presently has six meeting places, two of which are designated as mosques by the NOI. Mosque Number 31 is located at South Bend, Indiana, and has the largest membership, numbering approximately 45 members. The second largest mosque is located at Gary, Indiana, and designated Mosque Number 33. It has between 35 and 45 members. The Indianapolis group has increased its membership slightly to approximately 22 members and still lacks the 30 minimum membership for designation as a mosque. It is, however, the third largest NOI group in the State of Indiana.

Additionally, meeting places are also located in East Chicago, Evansville and Fort Wayne, Indiana. Each of these having somewhere between four and six members. The group at Muncie, Indiana, disbanded late in the summer or early in the fall of 1970. As of 1/23/71, this group was inoperative and no meetings were held by them.

Membership in this group remains fairly stable. Little activity takes place by the group in the Indiana area, with exception of regular meetings conducted by NOI ministers who reportedly receive instructions from Chicago, Illinois, which they follow with no change.

The NOI receives financing through sale of the newspaper "Muhammad Speaks," and from several businesses generally known as Shabazz Enterprises. Dues, which are regularly collected from members are also part of NOI Group financing.

The NOI has never created any problems in the Indianapolis Division, and is not generally considered a threat to the U. S. Government or to the peace of Indiana. It is felt, however, that because of strong religious convictions and if once motivated the NOI could present a threat to the peace because of the dedication and organization of the group. At the present time, there is no reason to consider the NOI as a threat since it does not seem violence prone.

B. BLACK PANTHER PARTY (BPP)

The BPP maintains a headquarters at 414 East 23rd Street, Indianapolis, Indiana. It is actually run by the Minister of Defense [REDACTED] and conducts nearly all of his business from that address.

Membership in the group in Indianapolis has decreased slightly to approximately six active members, somewhere between 10 and 20 sympathizers currently exist. These individuals help with miscellaneous functions whenever programs are instituted, and in the past have assisted with collection and distribution of food stuffs for a BPP Pantry Program and before that in the operation of a Breakfast for School Children Program. Neither of these programs exist at this time and the individuals who have assisted in those programs in the past do not appear to have any desire to assist the BPP proper in an active capacity. The BPP at this time is currently in the midst of a reorganization and is actively attempting to recruit new members to participate within the BPP proper. In this connection, throw-aways have been issued and various speeches in cities such as Evansville, Muncie and Richmond, Indiana, have been conducted.

A new headquarters is being sought by the Indianapolis Chapter of the BPP at this time.

A current leader of the BPP in Indianapolis, as noted above, [REDACTED] Minister of Defense, who is

IP-157-761

assisted by [REDACTED] Field Lieutenant and Area Captain of the Indianapolis Chapter. [REDACTED] was formerly the only person allowed to sign checks drawn on the BPP bank account, however, [REDACTED] now has that privilege.

Political education classes are not held by the Indianapolis chapter at this time.

Utilization of the headquarters at 414 East 23rd Street, has not been made in view of the condition of the premises. It is noted that there are no utility services available, and that there is no heat.

The leading BPP member at Indiana University (IU), Bloomington, Indiana, is [REDACTED] at that school [REDACTED] recently made a trip to Hanoi, North Vietnam as a student government official. Sources advised that this trip had nothing to do with the BPP, and in fact that [REDACTED] incurred the disfavor of the BPP leaders in making this trip.

The Fred Hampton Memorial Community Center in Gary, Indiana, is defunct. The group formerly operating out of that center, was primarily connected with the Chicago, Illinois BPP.

During January, 1971, [REDACTED] was successful in organizing a branch of the BPP in Evansville, Indiana. Approximately five individuals are actively assigned with that group. Four of these were arrested in February, 1971, for activities on behalf of the BPP. The BPP in Evansville, Indiana, began its activities by contacting large supermarkets in the area and requesting one per cent of the gross of those businesses to be used in the maintenance of a Breakfast for School Children Program. They were refused and no funds were collected in this manner.

During February, 1971, the BPP at Evansville contacted the various high schools in the Evansville area, attempting to recruit black individuals from those schools

in the BPP. On several occasions during general assembly of the entire school body, these BPP members would ask the black students to meet with them in the cafeteria or other areas of the high school, rather than attend the authorized school assembly. It was as a result of this activity, that the four individuals mentioned were arrested.

The BPP has caused no real problems or acts of violence to date. This group, is however, considered to have the most potential for violence of any of the black extremist groups presently operating in the Indianapolis Division.

The BPP continues to be followed closely and investigation is shown in monthly summary airtels, evidentiary reports and financial airtels.

1. Operations Under Consideration

The NOI, because of its non-violence approach, thus far has not been considered for counterintelligence measures. Interview program is maintained.

Interviews with BPP members, relatives and former members, as well as residents in the black community, continue, and are being utilized in an attempt to keep this group from enlarging or becoming more unified under better leadership.

The Indianapolis Division has submitted two proposals for Bureau authority concerning the dissension in the Indianapolis group and in the national BPP organization. Both of these proposals were received by the Bureau with notification that the Indianapolis Division would be advised of further action. These proposals concerned the development of an antagonism between the BPP leadership in Indianapolis and an attempt to have the Indianapolis chapter join the other mid-west factions in an effort to withdraw from the national BPP.

2. Operations Being Effected

As mentioned above, interviews with individuals who are members of black organizations, affiliates or persons coming in contact with such groups are conducted on a regular basis.

In this connection, every opportunity to exploit differences of opinion between leadership and the organization itself is utilized.

The Indianapolis Division has recently made an anonymous mailing to various union officials and police organizations in the Indiana area which includes a reproduction of a column written by [REDACTED] regarding the BPP. Part of his column dealt with the proposal that union members refuse to handle shipments of BPP newspapers and generally boycott BPP transmissions. VICTOR RIESEL

3. Tangible Results

No tangible results regarding an anonymous mailing captioned "Let's Compare the Ten Point Program of the Black Panther Party with 'Like It Is,' " have come to the attention of the Indianapolis Division. [REDACTED] have any tangible results been noted with regard to the [REDACTED] article.

VICTOR RIESEL

The Indianapolis chapter of the BPP does, however, continue to incur expenses which they do not pay, indicating that funds have become increasingly difficult to obtain. The "Black Panther," BPP national newspaper, has not been received by the Indianapolis chapter for several months, with the exception of a single shipment from Chicago of approximately 500 papers in early January, 1971.

Reliable informants advised that BPP in Indianapolis is receiving no contributions at this time.

4. Development of Counterintelligence Interest

There have been no further developments of counterintelligence interest other than those mentioned above.

An unsigned typewritten note should accompany the papers stating "This is what we think of punks and cowards." Insure the Bureau cannot be identified with this mailing.

Also you should submit to the Bureau for approval a proposed letter to the European BPP Solidarity Committees to be sent to each committee with a known address enclosing a copy of 3/6/71 issue of "The Black Panther."

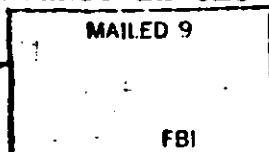

The proposed letter should follow the theme that if they align with Cleaver, they can expect to be disavowed by BPP National Headquarters. This letter should be quite short, unsigned, and more in the form of a notice than a letter.

RNB:cal (5)

NOTE:

The 3/6/71 issue of "The Black Panther" is very critical of Eldridge Cleaver and accuses Cleaver of holding his wife prisoner and murdering her lover. The mailing to Cleaver will insure he receives the paper and will exacerbate the intense divergences between Cleaver and Newton. The proposed mailing to BPP European Solidarity Committees is to divide the allegiance of these groups who have looked to Cleaver for guidance in the past.

Officials of the First Western Savings and Loan Association are aware of the fact that the Hassell Street address is being occupied by a group of young Negro militants and have been experiencing difficulty in obtaining mortgage payments. First Western Savings and Loan is contemplating having the occupants of 1933 Hassell evicted for non-payment but to date eviction papers and legal action has not been instituted.

The CIC organization in the recent past attempted to implement a free breakfast program for the Negro children in the neighborhood and were reportedly receiving free donations of dairy products from the Anderson Dairy located in the Las Vegas area.

Through discreet inquiry it has been determined that Anderson Dairy was in fact donating dairy products indirectly to the CIC workers who had represented themselves as representing the Zion Methodist Church, a Negro church located in Las Vegas.

Discreet inquiry further revealed that Anderson Dairy, in investigating the donation to the Zion Methodist Church, determined that the church knew nothing of this and none of their members had requested any type donation from the dairy company and that two CIC workers were obtaining dairy products fraudulently by using the name of the Zion Methodist Church. It is to be noted that upon learning of the above, officials of the Anderson Dairy Company have cut off all donations to individuals they determine to be associates with the CIC.

In view of the fact that the CIC is in extreme financial difficulty it is proposed that discreet contact be maintained with the First Western Savings and Loan Association as well as Anderson Dairy in an effort to continue to disrupt the activity of the CIC, financially as well as exposing their organization.

It is also proposed that an anonymous letter be prepared and directed to the National Headquarters of the BPP and or select national leaders complaining of the mismanagement of the

LV 157-NEW

CIC who are reportedly squandering money on booze and narcotics. This letter will complain that National BPP newspaper money as well as donations made to the CIC is being squandered for luxury items which is causing the BPP to lose prestige in the Las Vegas area as well as cheating the National Headquarters out of their share of money received through the sale of the BPP newspaper.

Since the last quarterly letter the authorized chapter of the National Committee to Combat Fascism (NCCF) was disbanded in December, 1970. [REDACTED] is currently working for the BPP in Washington, D.C., and [REDACTED] is currently working for the BPP in New York City.

The renegade group of the NCCF mentioned in referenced airtel 11/25/70 has also disbanded.

No counterintelligence proposals have been made during the past quarter as it appears that there is a lack of interest for a black militant type group in the Denver area.

ReCOlet to Director, 2/25/71.

The mailing of anonymous letter to the national headquarters of the Black Panther Party is being placed under consideration.

As you know, there is considerable dissension currently evident between the top officials of the Black Panther Party. Accordingly, it is not felt that an anonymous letter should be mailed at this time. However, you will be advised in the event it is desirous to mail this letter at a later date.

NOTE:

Columbia proposed the mailing of an anonymous letter to the national headquarters of the Black Panther Party over the signature of a local leader in Charleston, South Carolina. This letter was to complain of lack of cooperation and assistance on the part of the national office. Due to the number of such letters being currently mailed, and the dissension evident, the mailing of this letter is being held in abeyance at this time.

Brothers and Sisters

I worked hard for all you brothers and sisters and when I think of how I stuck my mother fucking neck out here in the deep south where the pigs and all the hunky mothers would just as soon kill me as look at me I get plenty uptight. I didn't get no help from you. All you did was take my money and force me to try to sell more papers than any brother could and then when I needed papers you quit sending them. This ain't no way to keep things moving in this country. I could have got a good group going here if you'd have give me some help but you didn't and I say power to the people and up your mother fucking ass.

I know that no good mother [redacted] has done had mouth me. He's yellow and I'll tell him up to his face. He tried to screw me and he ain't nothing but a pimp for the pigs. When we was in LA last August I got the word that [redacted] was bad mouthing me and now I got the word that you mothers are through with me. Well I'm through with you and if you ain't able to help a Brother I know where I can get help. I don't go for joining up with the hunkys and don't nobody here either. Everybody down here is laughing at the brothers for joining up with the hunky quccers and everybody says Brother Huey must be one too.

Richmond in referenced airtel of 2-9-71 proposed the
mailing of an anonymous letter by [redacted]
[redacted] Information Center, a Black Panther affiliate,
to [redacted] D. C.,
expressing complete disgust with the lack of support received
from the BPP and indicating RIC would no longer support the BPP
in Washington, D. C. This request was renewed in Richmond
teletype in view of the fact that, with the recent arrest of
[redacted] a Bureau fugitive being harbored by RIC,
complete turmoil and distrust has occurred and it is felt that
this would be the most opportune time for the mailing of such
a letter. Approval is being granted to Richmond to proceed
with this counterintelligence proposal.
